Hof ten Berg 22

1200 Woluwe-Saint-Lambert

The 'Hof ten Berg' location is situated on a cul-de-sac close to International Montessori 'Hof Kleinenberg'. The building is a registered historic monument that offers old charm and innovative education catering to the developmental needs of each individual child.

The classrooms are fully equipped and children receive a personalised approach. The Montessori materials allow for in-depth interaction and repetition. Through presentations children acquire a rich vocabulary in both French and English. Teachers are in tune with every child on a personal level and provide a warm and caring atmosphere that allows for growth and development.

The walled garden offers a secluded atmosphere. The play equipment and the large sandpits are well used and gardens are available for the children to grow flowers and vegetables. Children go for neighbourhood walks to 'Hof Kleinenberg' and visit our ponies.

A range of programmes is available. Early arrival and breakfast is possible from 7:30 onwards. The After School Hour programme is available until 18:30. Children are busy with gross motor activities, art and craft, reading and music and as soon as the sun shines, they play outside!

The primary section continues to offer a bilingual environment. Every group is staffed by two teachers; one speaking English and the other one French. Children are exposed to an interesting and stimulating curriculum. Choice and decision making is part of daily life. Individualised presentations allow children to learn at their own level and pace. This allows them to feel good about themselves and develop optimally!

Parking facilities are available in the cul-de-sac and the door-to-door school bus service using mini-vans can pick up children from home. Every primary child learns to play a musical instrument.
