2 ½ to 6 years old

International Montessori 'Savoorkes'

Bergestraat 24, 3080 Tervuren

International Montessori 'Savoorkes' is situated in a 200 year old renovated farmhouse with attractive gardens and play area. It is situated in a quiet area close to the centre of Tervuren. Whilst overlooking the fishing ponds, known as 'Savoorkes', Robiano castle provides a beautiful backdrop.

This little farmhouse is just perfect for young children. It has a very cosy feel to it with exposed beams, low windows and a beautiful green outdoor environment. The Toddler Community offers a unique year of development in a very caring atmosphere. The Children's House children are exposed to a wide range of activities, helping them to become independent and to develop a love for learning. When ready for Primary, the children move to the 'Rotselaerlaan' location situated on the other side of Tervuren.

This building also houses the Parent Café. Information sessions and get-togethers are organised here on a regular basis. The café has a calm and relaxed atmosphere and gives adults a space to reflect and learn more about themselves and their children's development. This section includes the Parent Library, which stocks a good variety of books and magazines related to Montessori philosophy and to overall child development. The library is open during the organised information sessions and scheduled social events.

The Parent-Infant Group is situated upstairs and offers an optimal environment for babies and their parents. Together with practical ideas, an interesting set of theory sessions is included related to the first year of life.

An After School Hour programme is available up to 18:00. During this time children play outdoors, or enjoy indoors with cooking, story reading, art and craft.

Parking is available on the street. Door-to-door school bus service can also be arranged.
