International Montessori School

Rotselaerlaan 1 and 3
3080 Tervuren

The 'Rotselaerlaan' school consists of two neighbouring large villas situated in a residential area. The houses are decorated in a friendly, attractive manner and feel like a second home to the children.

The spacious outdoor area consists of different play areas with swings, monkey bars, balancing beams and a large sandpit. There is also an area for organised games and sports. Children get involved with gardening and sow the seeds in the greenhouse, work in the vegetable garden and look after their chickens in the chicken coop.

Because of the presence of the older Primary children, the school has a "grown-up" feel to it. These students play basketball, write poems, study types of leaves and do math exercises outside when possible. When entering the classroom one hears a quiet buzz of work-sounds. Students are busy with their lessons or work autonomously with the didactic materials. When books are needed for story reading and research, they go to the cosy library. Music is enjoyed on a regular basis and all Primary children play their instruments in the music room.

Once students are ready for the IB Middle Years Programme they transfer to the International Montessori location in Woluwe. A school bus between these two premises is available for families having a child in the two locations.

Arrival time is between 8.30 and 9.00 a.m. Departure depends on the age range and the program attending. Door-to-door bus service is available.

The After School Hour programme is available on a regular and irregular basis up to 18.00 hrs. Children are involved indoors with craft and cooking activities as well as gross-motor and play in the outdoors. Children like to stay in After School care and often do not want to go home at pick-up time!
